

Essa Mohalla

Matriculation to College 2013

Essa Mohalla has completed the counselling and follow-up of children who appeared in SSC-II (Matriculation) exams of 2013. The Mohalla Team followed up on 25 children. These represent ALL the children in the Mohalla who appeared in SSC-II examinations and not just those who are on financial assistance.

Follow up started as early as December 2012 when SSC-I results were declared.

A highlight of this year's Essa Mohalla's result is that all children have passed, and not a single child has to appear in supplementary exams. Further, 88% of the children studying in standard schools have secured a B or a higher grade.

3 of the children are now enrolled in private colleges. The rest have opted for Government Colleges under the CAP scheme.

Choice of studies for these children in College (HSC-II) is as follows;

COLLEGE SUMMARY	
Group	Total
Commerce	13
Pre-Medical	4
Pre-Engineering	5
Computer	3
Total	25

The Mohalla Team has worked hard on the follow-up of these students. We thank them for their efforts.
