

Jamali Mohalla

Admission Summary 2013

With summer vacations starting in schools from June, admission activity in Jamali Mohalla has come to a pause.

In their first year with AIUT, the Mohalla Team has done very well in placing 13 children in standard schools. Quite a few of these had to be transferred from sub-standard schools and the Mohalla Team worked hard in convincing the parents to transfer the children from an institute where they were receiving poor quality education.

The 13 children were admitted to the following standard schools;

Name of School	
Badri High School	7
Asra Public School	4
Lillies	1
North Star	1

Overall statistics of the Mohalla for children upto 15.5 years are as follows;

	No. of Children	Under 2.5 Years	Not going to School	In Sub Standard Schools	In "Quality" Schools	% in Standard Schools
2013	102	10	6	10	76	82.61%

When schools reopen in August, after summer vacations, the Mohalla will once again take up the matter admissions in standard schools.

Our thanks to the JM Education Team for the effort they have put in.
