

Ibrahim Mohalla Matriculation to College 2014

The follow-up of Matric 2014 students in Ibrahim Mohalla has been completed. The Mohalla Team have been monitoring 23 students for the last 10 months, from the time their Class 9th results were announced till the time that College admissions concluded.

The matriculation results of 2014 are similar to the previous year. However as compared to other comparable mohallas (i.e. Adam, Saleh and Essa Mohalla), the matric results of the students of Ibrahim Mohallah lag behind. Over 60% of the children finished with a B Grade or higher as compared to 62% in 2013. The average for other mohallas is around 75%. The reason is partly because of the economic conditions of the parents who cannot afford to give extra coaching/ tuitions.

5 children failed in 1 or more papers as compared to 4 in the year before. 3 children who failed have expressed their willingness to sit for supplementary exams and are preparing for them whereas 2 are unresponsive.
