

## **Qutbi Mohalla**

### Admission Summary 2013

With summer vacation starting from the 10<sup>th</sup> of June, admission activity in Qutbi Mohalla has come to a halt.

4 children were admitted in standard schools, this year, details of which are as follows;

The Smart School	3
Karachi Public School	1
	4

Overall statistics of the Mohalla for children upto 15.5 years are as follows;

	<b>No. of Children</b>	<b>Under 2.5 Years</b>	<b>Not going to School</b>	<b>In Sub Standard Schools</b>	<b>In "Quality" Schools</b>	<b>% in Standard Schools</b>
<b>2013</b>	70	4	6	37	23	34.85%
<b>2012</b>	68	5	2	45	16	25.40%

When schools reopen in August, after summer vacations, the Mohalla will once again take up the matter of admissions in standard schools, for the remaining children.

Qutbi Mohalla remains a big challenge. Whereas AIUT has started making inroads with new/fresh admissions, parents with older children are still reluctant for a transfer to better quality schools.

Our thanks to the QM Education Team for the effort they have put in.
